

773 TABERNACLE ORGAN AND CHOIR; GREAT "MORMON" TABERNACLE, SALT LAKE CITY, UTAH

TABERNACLE ORGAN AND CHOIR

One of the unique buildings of America is the "Mormon" Tabernacle in Salt Lake City.

The Great Organ of national renown was originally built about 65 years ago by Utah artisans. It was thoroughly rebuilt and enlarged by the Austin Organ Co. of Hartford, Conn. and stands today the peer of, if not superior to, any pipe organ in existence.

The Tabernacle Choir, an unpaid organization of about three hundred voices, furnishes music for the religious services held in the Tabernacle each Sunday.

The choir also broadcasts nationally from this building each week.
